

HEALTH SCIENCE

EDWARD JOHN
EYRE
HIGH SCHOOL

Health Science is designed for students who have a passion or a desire for a career pathway in the health industry, with particular focus on healthcare. It is open to students in year 11 and 12 and runs as a stage 1 and 2 subjects.

The purpose of the subject is to provide holistic learning opportunities for students to excel in a health science setting. As a health science professional, your career opportunities are extremely varied. There are many opportunities for health professionals in federal, state and local government, the not-for-profit sector, private enterprise and at a very grass-roots level in community agencies. You could also work in health agencies, hospitals, universities and health research institutes.

Potential Career Pathways include;

- Dietician
- Exercise Physiologist
- Occupational Therapist
- Podiatry
- Psychologist (Sport)
- Chiropractor
- Speech Pathologist
- Physical Education Teacher
