

# INFORMATION, MEDIA AND TECHNOLOGY (IMAT)

EDWARD JOHN  
**EYRE**  
HIGH SCHOOL

The Information, Media and Technology course caters to a wide range of interests and career pathways. Students engage in a certificate II from the Academy of Interactive Entertainment in a chosen field of 3D Animation & VFX for Film, Game Art & Animation, Game Programming or Game Design & Production for an exciting introduction to the Digital Media world and then transition into a Certificate III in Information, Media and Technology where they will engage in activities such as programming, graphic design, photography, 3D modelling, computer engineering, software design and more.

As the workforce continues to develop into a digital and technological space this course allows students to develop towards, adapt to and improve upon any career path they choose now and into the future through the application of skills that are important in a wide range of workplaces. These foundation skills ensure that students can go on to successfully complete further study in this field with confidence.

- Coding
- Computer Technician
